INVITATION

International Electrical Vehicles B2B Supply Summit' 2026

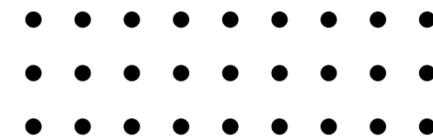

PROGRAM : May 15, 2026
09.00-12.30: B2B Meetings
12.30-13.30: Lunch
13.30-17.00: B2B Meetings

**ATTENDING
FREE OF CHARGE**

Exclusive B2B matchmaking between leading EV manufacturers and key supplier companies.

We cordially invite you to join this exclusive organization. Participation is fully complimentary for manufacturers, including B2B meetings, flights, and hotel accommodation.

 All our organizational services

SUPPLIER PROFILES- 1

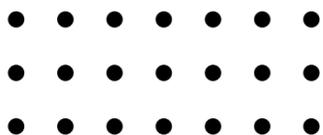

(Electric Motor System): Electric motor, Rotor & Stator, Bearings, Position sensors, Motor Control Unit (MCU), Motor housing & Cooling jacket

(Power Electronics): Inverter / DC-DC Converter, Gate drivers, capacitors, EN filters, relays

(Charging System): Charging port & connector, On-board charger (OBC), charging cable, charge control module

(Thermal Management): Electric coolant pump, radiator, hoses, valves, heat pump, ptc heater, battery chiller

(Drivetrain Components): Reduction gearbox, differential, drive shafts, CV joints, Wheel bearings

SUPPLIER PROFILES-2

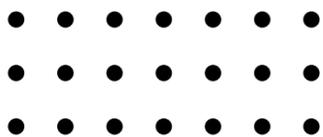

(Braking System): Brake discs, calipers, pads, hydraulic master cylinder, ABS/ESC modules, electronic parking brake

(Electronic Control Systems): Vehicle Control unit (VCU), ECUs, sensors (radar, camera), ethernet network

(Interior & Electrical): Window & seat motors, interior-exterior lighting, climate control panel, HUD, cluster

(Chassis & Body): Skateboard platform / subframe, suspension (springs, shocks), steering rack, body panels, crash beams, battery protection plate

(Safety Systems): Airbags, seatbelt pretensioners, crash sensors, high-voltage cut-off system.

SUPPLIER PROFILES-3

(Braking (Metal / Structural Parts): Sheet metal panels, Chassis frame / subframe, Cross-members / crash beams, Battery tray / protection plate, Motor housing / mounting brackets, Gearbox housing / differential casing, Heat exchangers (radiator, condenser), Structural reinforcements (A/B/C pillars, roof rails)

(Metal Forming & Fabrication Elements): Stamped or laser-cut metal parts, Castings (motor, gearbox, suspension components), Machined components (brackets, mounts), Tubes and pipes (coolant, HVAC, brake lines).

(Fasteners & Connection Hardware): Bolts, nuts, screws, Washers, spacers, Clips, clamps, brackets, Rivets, snap-fits

(Plastic / Polymer Parts): Interior panels (dashboard, door panels, center console), Exterior trim (bumpers, side skirts, fenders), Cable conduits and clips, Plastic housings (sensors, connectors, ECU boxes), Gaskets, seals, O-rings

(Hoses & Tubing): Coolant hoses (battery, inverter, motor), HVAC hoses and ducts, Brake fluid lines (if flexible type), High-voltage insulation tubes

(Thermal & Insulation Materials): Heat shields, Thermal pads / plates, Foam inserts (sound & vibration damping), Electrical insulation sleeves

(Battery & Powertrain Components): Busbar holders and insulators, Battery pack spacers and brackets, Motor mounting brackets and vibration isolators, HV cable grommets and bushings, Cooling plates / brackets, Hydraulic and pneumatic fittings

(Electrical / Electronic Components): Connector housings and covers, Cable ties, clips, and harness protectors, Wire ducts / cable trays, Plastic enclosures for ECU, BMS, inverter, EMI shielding components

(Thermal Management Components): Pipe fittings (coolant, refrigerant), Hose clamps and couplings, Fans and blower housings (plastic / metal), Heat exchanger brackets

(Interior & Exterior Components): Seat brackets and frames, Steering column brackets, Door handles (metal/plastic), Window channels and guides, Mirror mounts, Dashboard mounts and clips
g System): Brake discs, calipers, pads, hydraulic master cylinder, ABS/ESC modules, electronic parking brake

(Electronic Control Systems): Vehicle Control unit (VCU), ECUs, sensors (radar, camera), ethernet network

(Interior & Electrical): Window & seat motors, interior-exterior lighting, climate control panel, HUD, cluster

(Chassis & Body): Skateboard platform / subframe, suspension (springs, shocks), steering rack, body panels, crash beams, battery protection plate

(Safety Systems): Airbags, seatbelt pretensioners, crash sensors, high-voltage cut-off system.

**Organization &
Accommodation**

ORGANIZATION PLACE

Hotel information

ISG Airport Hotel
Sabiha Gökçen Airport, Istanbul-
Turkey

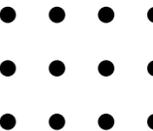

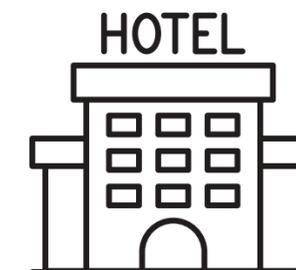

www.isgairporthotel.com

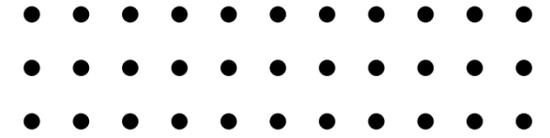

Our services

We will welcome you at the airport upon your arrival in Istanbul (One day before the event). Accommodation is arranged at the 5-star ISG Airport Hotel, and our event will be held in the hotel's conference hall.

All services, including hotel accommodation and flight tickets, are provided by the organizer.

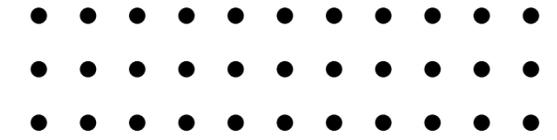

PRODUCERS- REGISTERED AS OF TODAY

*** Manufacturer registrations are ongoing ***

ABOUT US

Since its establishment in 2005, our company has been organizing International B2B Summits, Factory Visits, Purchasing Meetings, and International Conferences.

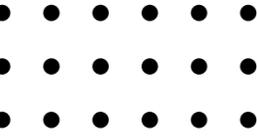

We organize B2B Summits across the following sectors:

Automotive | Rolling Stock & Railways | Electrical Vehicles | Construction Machinery | Commercial Vehicles | Tractors | Home Appliances

We provide complete, results-driven services through our International organizations and supply opportunities. By working as one of you, we deliver exactly what you need to maximize your profitability.

FIRST ESTABLISHED B2B FIRM
.....SINCE 2005
